Beginning in 2009, the BYU Jerusalem Center will eliminate the short 2-month programs and offer three 4-month programs on an annual basis. Program dates and application time-periods are outlined in the general information.

For the present, eligibility is limited to students enrolled at BYU, BYU-Idaho, or BYU-Hawaii.

What is the BYU Jerusalem Center?

The Jerusalem Center is Brigham Young University’s center for study in Jerusalem. Students enroll through the BYU campus in Provo, Utah, travel to the Holy Land, and live in the Center for programs that extend for four months. Students study a core curriculum that focuses on Old and New Testament, ancient and modern Near Eastern studies, and language (Hebrew and Arabic). Classroom study is built around field trips that cover the length and breadth of the Holy Land.

The Center itself is a beautiful building on Mount Scopus overlooking the Mount of Olives, the Kidron Valley, and the Old City. The 125,000 square-foot, eight-level structure is set amid five acres of beautifully landscaped gardens. The first five levels (moving up from the lowest level) provide dormitory and apartment space for up to 170 students. Dormitory rooms accommodate four people with ample study space and a private bath. Each of these rooms has a patio overlooking the Old City. The sixth level houses a cafeteria, classrooms, computer facilities, and a gymnasium. Administrative and faculty offices are located on the seventh level, as is a 250-seat auditorium. The main entry is on the eighth level, which also contains a spectacular recital hall and special events auditorium with organ, lecture rooms, general and reserve libraries, offices, a domed theater, and a learning resource area.

Are the BYU Jerusalem Center facilities open to the public?

The facilities at the Jerusalem Center are available only to full-time students formally enrolled in a BYU Jerusalem Center program. For those interested in visiting the building, a 45-60 minute tour is available. The tour includes a hosting video, a ten-minute organ recital, and a tour of the eighth floor and the Jerusalem Center gardens. To schedule a tour or to obtain information on tour availability, please contact the hosting staff at the Jerusalem Center by calling 011-972-2-626-5666.

Learning Center

The learning center is a beautiful, large, open room with dark blue carpeting set against limestone pillars and arches that divide the room into 12 connected spaces. The learning center is used for special events and can accommodate all students and staff for special dinners and gatherings. A smaller anteroom provides space for receptions and hosting visiting officials. A balcony, the highest at the Center, provides the best view of the old and new Jerusalem.

The mission of the Office of International Programs (OIP) at Georgetown University is to foster the international character of the University by promoting, supporting, and developing a wide range of international and intercultural educational opportunities for members of the Georgetown community.

The Office is divided into two divisions. The Division of International Student and Scholar Services (ISS) supports international students and scholars in deriving the maximum advantage from their educational and research experiences at Georgetown. The Division of Overseas Studies (OS) develops and administers international educational opportunities overseas for GU students. The Executive Director of International Programs, Katherine S. Bellows, oversees both divisions.

In coordinating these, and other international projects, the Office of International Programs seeks to foster a sense of community that builds on the universalism of the University's intellectual tradition, and encourages many voices to be heard. OIP facilitates these cross-cultural discussions by sponsoring exchanges of students and faculty and serving as a resource for departments and schools on campus that undertake international and intercultural initiatives.
Welcome to the Division of Overseas Studies website where you will find information about study abroad programs in countries throughout the world.

The mission of Overseas Studies at Georgetown University is to promote, support, and develop international and intercultural educational opportunities for students, and in so doing, help to define the international character of Georgetown. These programs are developed and evaluated in collaboration with the wider Georgetown community to ensure that they are academically rigorous, linguistically appropriate, and complementary to the Georgetown curriculum. In keeping with the Jesuit philosophy of education and service, these overseas opportunities invite participants to reflect on the values that form their own identities, and encourage them to assume their roles as responsible world citizens.

The Office of International Programs offers more than 120 programs in 39 countries. We welcome you to visit our office, discuss your interests, and discover the possibilities of study abroad.

The Office for Study Abroad will host an open house for new students and their parents from 4:30 - 5:15 during each of the orientation programs this summer. If you are a new student and want information about study abroad at the University of Iowa, please drop by on the day you are scheduled for orientation. Parents are welcome, too. We are located at 1111 University Capitol Centre (on the first floor of the Old Capitol Mall, directly to the south of the Pentacrest).
The College of Design Rome Program offers an optional course of study for qualified students in various disciplines within the college.

The college's flagship international program has given more than 1000 students the opportunity to study in Rome since its inception in 1991. It is the only fully licensed study-abroad program in the Iowa Regents' system.

Full-semester study options are available for art and design (fall) and architecture (spring) students. In the summer an interdisciplinary program brings students together from all departments in the college. Qualified students from other institutions are also welcome to enroll in the summer session. Iowa State University faculty members and European lecturers teach students in English.

Students attend classes at our studio facilities in the historic center of Rome. In January 2005, the program moved to its new home at Palazzo Cenci-Bolognetti, a sixteenth-century edifice located in the Piazza delle Cinque Scole near the Tiber River. In addition to developing first-hand knowledge of numerous contemporary and historic sites, buildings and works of art, students gain a familiarity with the contemporary design culture of Europe through guided field trips and complete major studio projects in their design area.

UNIVERSITY OF LOUISVILLE: International Center. Study Abroad

http://louisville.edu/provost/intcent/sa/sa.html

Study Abroad

The International Center offers students a wide range of opportunities to study abroad. The University of Louisville offers direct Study Abroad opportunities in various locales around the globe, including short-term programs in China, Panama, Portugal, and Trinidad & Tobago. We also have a special relationship with the University of Quebec at Chicoutimi in Canada.

Through special consortia arrangements with the Cooperative Center for Study Abroad (CCSA), the Kentucky Institute for International Study (KIIS), and International Studies Abroad (ISA), students may do short-term and long-term programs in over 30 countries around the world.

Students are also welcome to work with the Study Abroad staff to identify other qualified educational programs through other hosts.

How the program works

Students work with Study Abroad advisors to identify potential programs for their studies abroad. Considerations may include academic goals, destination possibilities, duration of study, and cost. Once the program is selected, potential courses are also identified and a draft budget drawn up. The student will prepare the applications and gather documentation for review with academic and financial advisors. Acceptance to the Study Abroad program and completion of the U of L paperwork will lead the student to a successful program abroad.

Students apply and register for all U of L-sponsored programs at U of L. These include the short-term programs in China, Panama, Portugal, and Trinidad & Tobago. Students also register for short-term CCSA Study Abroad courses at U of L. They must complete a "Cooperative Center for Study Abroad" course Information form.

The short-term summer University of Quebec program at Chicoutimi, Canada is coordinated by Dr. Wendy Yoder in the Department of Classical and Modern Languages. Special scholarships may apply to help defray the costs. Please see Classical and Modern Languages website for more information.

The facilities at the Institute include wireless internet connection, kitchens, computer lab with laser and color inkjet printers. One night a week Czech films with English subtitles are shown on Movie Night shown in the lecture/semian room. Opera or ballet, jazz events and other evening events are included. Excursions to a variety of destinations either within the Czech Republic or another European city are planned.

The cost of one semester is $9200 while the 6 week summer session costs $4700. Costs vary for the Special Programs (check the Study Abroad site). The fees include tuition and fees, housing with breakfast, internet access at the Institute, excursions and cultural events, international health insurance, in-city travel passes, and orientation materials are included. Costs are the same for in and out-of-state students. If interested in more than one session, inquire about our special "package" prices.

All courses are taught in English by either NC State professors and/or Czech instructors/professionals with equivalent credentials. All students earn NC State University credit which is transferable to other institutions by transcript.

“Studying abroad has opened my mind to the idea that we live in a world. Before I considered all issues from the viewpoint of the US. Studying abroad has shown me the faults that the US has, and gave me the opportunity to change the way I live back home. I have taken a greater interest in learning Spanish. Step 1: Take the mandatory Study Abroad 101 Quiz on Blackboard.
- To register for the quiz, email studyabroad@northwestern.edu with “Study Abroad 101” in the subject line. Include your name and NetID in the email.
- Be patient! Registration takes place once a week, and you will receive a confirmation email with instructions at that time. You can take the quiz as many times as needed to score a 90% or above.
- NOTE: Students planning on applying to a Northwestern-run summer program only do NOT need to complete the Quiz and should instead consult the individual summer program pages for application instructions.

Step 2: After successfully earning a 90% or above on the quiz, stop by the Study Abroad Office (650 Dartmouth Place) to pick up the NU Application for Permission to Study Abroad. This application is not available online and must be picked up in person. Applications for Summer 2009 and the 2009-2010 academic year will be available in early Fall 2008.

Step 3: (Strongly recommended) Schedule an appointment with a Study Abroad Adviser to discuss program options and specific concerns. For students interested in studying abroad on a Non-Northwestern summer program, this step is required and students should plan on meeting with a study abroad advisor well in advance of the March 5 summer deadline.

Step 4: Apply to study abroad:
- June 2: Winter/Spring 2009 application deadline
- Deadlines for 2008-10 will be posted in Fall 2008.

The Honourable Company will endeavour to introduce the student to a Guild event in the City of London, England.
Yale Summer Session Study Abroad offers students the intellectual challenge they expect from Yale in classrooms that spill out onto the streets of the world. First-hand experience of foreign cultures is a basic component of a Yale education: it not only complements the student’s academic study of international topics, but is also fundamental to the student’s own personal development as a global citizen. We hope that studying abroad with Yale Summer Session will mark the beginning of a lifetime of encounters with members of the new global community.

The Indiana University Bloomington Libraries have a responsibility to provide library services to our distance learners. It is the Libraries’ mission to provide access to as many resources as possible to support curriculum-related teaching, research, and scholarly communication to our off-campus students.
Distance Education Document and Book Delivery

Requesting Books and Articles

Only books owned by the IU-Bloomington libraries will be sent. Check IUCAT to determine if one of the IU-Bloomington libraries owns the book. To request books and articles, go to [https://www.dds.iub.edu/logout.html](https://www.dds.iub.edu/logout.html). Log on with your network ID and password. Scroll down to “Distance Education Service Requests.”

Loan Periods

Graduate students may borrow circulating materials for 120 days. Undergraduate students may borrow circulating materials for 45 days. There are exceptions (e.g., books from the Undergraduate Library circulate for 14 days to all categories of borrowers.)

Recalls

Books are subject to be recalled (returned to the library earlier than the due date) if requested by another person. In this case, the book MUST BE RETURNED (or postmarked) BY THE RECALL DUE DATE, or a fine of $25 will be assessed.

Renewals

A book may be renewed if another person has not requested it. Renewals may be made by phone (812) 855-4673, electronically, or in person. Renewals will NOT be accepted by fax.

Delivery

All loaned materials will be delivered to your home address, your post office box, or the address on your request form via US Media Rate. Photocopied material can be retrieved below the location where you entered your requests, by clicking on “View/Download Electronically Delivered Requests.” Delivery of Bloomington-owned materials usually takes one to two weeks, so plan accordingly. Articles that have to be obtained from another library or that must be delivered outside the U.S. will take longer. *(We do not borrow books from other libraries.)*

Returning Materials

Materials may be returned in person, by U.S. mail or Courier. The borrower is responsible for the safe return of materials to the library. The borrower will be charged for any fines related to materials that are lost in the mail. It is strongly suggested that you insure any materials you return for at least $100. The postmark is considered the return date. Please mail to: Customer and Access Services Dept., Main Library, E164, Indiana University, Bloomington, IN 47405.

Charges

There are no charges for borrowing books or receiving articles at this time. However, the borrower is responsible for the cost of return.

Fines and Fees

Overdue fines are $25 per day per book. There is a $25 fine for recalled books that are received or postmarked after the recall due date. Documents/articles are $5 each if fax service is requested. Fees will be assessed for lost or damaged materials. All fines and fees will be billed through the IU Bursar’s Office.

Who May Use This Service?

Document Delivery/Interlibrary loan is a service offered through the Herman B Wells Library Customer and Access Services Department to Indiana University - Bloomington faculty, students, and staff who are engaged in research. The conditions of this service are set by the Interlibrary Loan Code of the American Library Association and by regulations of individual lending libraries.

Time Required

The time to receive an item varies; 70% of articles and 55% of books are received in 7 days or less. When several libraries must be contacted before an available copy is located, the process may take longer. Requests that must be sent internationally usually take considerably longer than this average.

<< top of page

Duration of Loans

The loan period for borrowed material is set by the lending library and is indicated on a date due slip in the book. The maximum loan period is given; please use the material within that time period. In the interest of maintaining good relations with lending libraries, due dates must be honored. Returnable material will be checked out through the Herman B Wells Library Research Collections Circulation Counter and should be returned there. Requestors will be billed for non-returned overdue items and library privileges may be suspended until materials are returned. If a borrower continually disregards due dates, it may be necessary to refuse further service.

<< top of page
Restrictions on Use

Indiana University Libraries is bound by any restriction on use imposed by the lending library. Some libraries require that the materials they lend be used in the borrowing library only. Some do not allow photocopying. Some require the signature of readers of unpublished dissertations. The requestor should not let others use the borrowed books unless special arrangements have been made.

Recently Published Books

It is often difficult to borrow recently published books on interlibrary loan because they are in demand at the libraries owning them. You may wish to suggest the purchase of such materials for the IUL collections.

Other Policy Information

As a general policy, we will not borrow any book available in a library on the Bloomington campus. Items which cannot be located by those libraries may be requested through Document Delivery Services.

Please submit Document Delivery requests through our web site at https://www.dds.iub.edu/illiad/logon.html. If you experience difficulties, please call (812) 855-6549 and ask for assistance.

Photocopied material can be received via our web site. An e-mail message will be sent to the requestor with instruction as to how to retrieve the document. Loans will be delivered to Campus Mail addresses or notification for picking up an item will be sent to your IU e-mail address. Overdues and recalls will also be sent to your e-mail account.

Find Articles

**Learn How to Find Articles** -- this handy tutorial covers everything you need to know about finding full-text articles from the ISU e-Library, as well as how to get articles the ISU Library doesn't own.

**Indexes & Abstracts** -- these indexes will help you find articles on just about any topic. Many of the indexes include a description, letting you know the subject areas and years that are covered. Make sure to read the [Find Articles tutorial](http://www.lib.iastate.edu/class/distlearn/find_articles.html) if you need general help. If you're not sure which index to choose for your topic, you can always [Ask a Librarian](http://www.lib.iastate.edu/class/distlearn/find_articles.html)!

**e-Journals list** -- you can also browse the list of full-text e-journals; many of these will have their own unique search system. See the [Find Articles tutorial](http://www.lib.iastate.edu/class/distlearn/find_articles.html) if you need help in finding articles by browsing e-journals.

**Get what you need!** You'll find many of our articles full-text and online, as described above. By using [Interlibrary Loan](http://www.lib.iastate.edu/class/distlearn/find_articles.html), you can also request articles that the ISU Library *doesn't* own be sent to you, for free. To use Interlibrary Loan, you'll need your [ISUCard](http://www.lib.iastate.edu/class/distlearn/find_articles.html). For a fee, you can use [Document Delivery](http://www.lib.iastate.edu/class/distlearn/find_articles.html), to pay to have copies of print articles the Library owns (but that are not full-text online) be sent to you.
Find Books & More

**ISU Library Catalog** -- use the ISU Library Catalog to find books and much more in our collections. To find only electronic books, search the Library Catalog using a **General Keyword** search, and the terms such as:

- **electronic book and business** will find e-books on business topics
- **electronic books and education** will find e-books on education topics

Another way to find electronic books in the ISU online collections is to browse by collections. Once you have an active ISUCard and have set your Library PIN, you can also login to use the **My Account** feature within the ISU Library catalog. This allows you to create and save lists, see what you have checked out, and so on.

**Google Book Search** - allows you to search online for books in virtually any subject area. Includes excerpted reviews, occasional full-text (especially for non-copyrighted books) or limited "pre-views" of other books, and powerful full-text search ("search in this book") features. Also includes direct links for purchasing books from Amazon, Barnes & Noble, and other online vendors, as well as direct links to **WorldCat** (see below) for finding books in libraries nearest you.

**NetLibrary** is a growing collection of electronic books available via the ISU Library, with an emphasis in computer science, business, and education. Note that you do need to set up an account within NetLibrary before you can use it. If you can't come to the ISU campus to set up your account, you can email staff at the ISU Library's Circulation Desk and set up your account that way.

**WorldCat** -- use this free database to find books, dissertations, and more in thousands of library collections worldwide. You can find materials in
libraries closest to you! Alternatively, you can use the ISU Library’s version of WorldCat, which will allow you to use an Interlibrary Loan link to request items.

Get what you need! You’ll find a number of books full-text and online, as described above. By using Interlibrary Loan, you can also request to borrow books that the ISU Library doesn’t own be sent to you, for free. To use Interlibrary Loan, you’ll need an active ISUCard. By using Document Delivery, you can pay to have books the Library owns but that are not full-text online be sent to you.

Study Abroad in China Research Tutorial
The University of North Carolina at Chapel Hill Libraries

1. Introduction
2. Getting to know China
3. Conducting Research in China
4. Accessing UNC’s Resources While Abroad

Last updated: 08_09_2007
Academic Libraries in China

Many colleges and universities across China maintain large libraries. Some things about the libraries will seem very familiar to you, and others may surprise you. UNC's Study Abroad Office encourages students to choose their study abroad experiences from its list of approved programs. Because of the large number and variety of libraries in China, this tutorial is tailored toward the libraries and other information resources UNC students will likely use in these programs. However, the skills you use in this tutorial will help you learn to navigate information resources as well.

Resources that you find in Chinese university libraries are similar to those at UNC-Chapel Hill's libraries. For example, numerous UNC students have studied at Chinese University of Hong Kong, and have found its library quite similar to UNC's. If you look at its Web page, you will see links to the catalog, e-journals, many of the same databases that you have used at UNC, and the same MyLibrary system that you can use to view your library account.

You may encounter many differences from UNC-Chapel Hill's libraries, especially if you are studying in mainland China. For instance, you may only be allowed to have a small number of books at once, or you may have to ask a librarian to give you certain materials. It's a good idea to read your university library's rules thoroughly before you go for the first time. Don't hesitate to contact UNC's librarians or ask a librarian at the library you're visiting for help! If you have more in-depth questions, you can contact the Libraries' Chinese-language specialist, Hsi-Chu Bolick.
Accessing Resources at UNC

Many of the same information resources you relied on in Chapel Hill are available when you are conducting research abroad.

In this section you will learn about:

- How to access the libraries’ Web resources abroad
- UNC resources you may find useful while studying abroad

Journal article databases allow you to perform complex searches within a limited scope of material. Einstein QuickStart and Google Scholar are two tools that let you search very broadly but with less precision. This can be helpful early in the research process. Use specialized databases to find material that is in research periodicals. Remember, Not all database have full text of the articles they index. Use the Find it button to find the full article.
