Library Needs and Special Projects

The Library has many ongoing special projects that are not fully supported by state funds. The Library relies on its generous donors and supporters to make these projects possible. Some major current emphases are:

- Santa Barbara Authors Collection
- Map and Imagery Lab/Alexandria Digital Library
- Center for the Study of Democratic Institutions
- Wax Cylinder Preservation Project
- California Ethnic and Multicultural Archives (CEMA)

There are numerous other focal points for enhancing collections and services. The Libraries also face critical challenges in physical facilities, technology, collections and preservation to ensure UCSB’s continuing academic excellence. Please contact the Director of Development and Outreach for more information about projects and needs in your areas of interest.
Summary

24/Hr Lounge Closed Jan. 9 - Jan 16th. 01/06/06
Tiered Training Room 10F 07/05/05
Much Anticipated Reference Desk/Computers Final Mo 07/04/05
Installing Ducts –Noise 05/18/05

In 2001, the Archives of Women in Science and Engineering (WISE Archives) received a $25,000 grant from the Camille and Henry Dreyfus Foundation to begin conducting an oral history project focusing on women in chemistry and chemical engineering.

To date, approximately 56 interviews have been completed with the funding provided by the Dreyfus Foundation and other private donors, and the WISE Archives is in the process of making the interviews available in a variety of formats, via transcripts and digitized audio.

To hear more about this project, please listen to an interview with the Curator. If you are interested in participating in or supporting this project, please contact the Archives of Women in Science and Engineering.
