Mass Observation Online : British Social History, 1937-1972

May 26th, 2010 by newerresources

Mass Observation Online : British Social History, 1937-1972

This resource provides integrated access to approximately 115,000 digital images of material on British social history collected between 1937 and 1972 during a project called the Mass Observation. The archives include essays, photographs, file reports, diaries, day surveys and links to other sites. The Archive holds all the material generated by Mass Observation (MO) between 1937 and 1949, with a few later additions from the 1950s and 1960s.

[Encyclopedia of Environment and Society](#)

April 26, 2010 on 8:27 pm | In [Arts & Humanities](#), [Encyclopedias](#), [New Resources](#), [Science](#), [Social Sciences](#) | [Post a Comment](#)

Even though Earth Day has passed you can still learn about climate policy, energy efficiency, renewable energy and sustainability by using the [Encyclopedia of Environment and Society](#). This encyclopedia explains complex issues, concepts, theories, examples, problems, and policies, with the goal of clearly explicating an emerging way of thinking about people and nature.

This resource examines new ideas about how the world works, what creates the daunting problems of our time, and how such issues might be addressed, whether by regulation, markets, or new ethical policies. It explores the emerging socio-environmental problems that we will face in the next century as well as the shifting and expanding theoretical tools available for tackling those problems.

Try it for yourself by clicking on the link above.
