ARL Annual Salary Survey 2007–2008

Compiled and Edited by

Martha Kyrillidou Mark Young Jason Barber

Association of Research Libraries Washington, D.C. 2008

ARL Annual Salary Survey is published by

Association of Research Libraries 21 Dupont Circle, NW, Suite 800 Washington, D.C. 20036 Telephone: (202) 296-2296

FAX: (202) 872-0884 email: pubs@arl.org

Custom reports based on the *Salary Survey* data are also available. Contact the ARL Statistics and Measurement Program Officer for further information.

The quantitative rank order tables presented in this publication are not indicative of performance and outcomes and should not be used as measures of library quality. In comparing any individual library to ARL medians or to other ARL members, one must be careful to make such comparisons within the context of differing institutional and local goals and characteristics.

SALARY SURVEY TRENDS 2007-2008

The ARL Annual Salary Survey 2007–2008 reports salary data for all professional staff working in ARL libraries. The Association of Research Libraries (ARL) represents the interests of libraries that serve major North American research institutions. The Association operates as a forum for the exchange of ideas and as an agent for collective action to influence forces affecting the ability of these libraries to meet the future needs of scholarship. The ARL Statistics and Measurement program, which produces the Salary Survey, is organized around collecting, analyzing, and distributing quantifiable information describing the characteristics of research libraries. The ARL Annual Salary Survey is the most comprehensive and thorough guide to current salaries in large U.S. and Canadian academic and research libraries, and is a valuable management and research tool.

Data for 9,983 professional staff members were reported this year for the 113 ARL university libraries, including their law and medical libraries (937 staff members reported by 73 medical libraries and 732 staff members reported by 75 law libraries). For the 10 nonuniversity ARL members, data were reported for 3,797 professional staff members.

The tables are organized in seven major sections. The first section includes Tables 1 through 4, which report salary figures for all professionals working in ARL member libraries, including law and medical library data. The second section includes salary information for the 10 nonuniversity research libraries of ARL. The third section, entitled "ARL University Libraries," reports data in Tables 7 through 25 for the "general" library system of the university ARL members, combining U.S. and Canadian data but excluding law and medical data. The fourth section, composed of Tables 26 through 30, reports data on U.S. ARL university library members excluding law and medical data; the fifth section, Tables 31–34, reports data on Canadian ARL university libraries excluding law and medical data. The sixth section (Tables 35–41) and the seventh section (Tables 42–48) report on medical and law libraries, respectively, combining U.S. and Canadian data.

The university population is generally treated in three distinct groups: staff in the "general" library system, staff in the university medical libraries, and staff in the university law libraries. Any branch libraries for which data were received, other than law and medical, are included in the "general" category, whether or not those libraries are administratively independent. Footnotes for many institutions provide information on branch inclusion or exclusion.

In all tables where data from U.S. and Canadian institutions are combined, Canadian salaries are converted into U.S. dollar equivalents at the rate of 1.1323 Canadian dollars per U.S. dollar.¹ Tables 4 and 31 through 34, however, pertain exclusively to staff in Canadian university libraries, so salary data in those tables are expressed in Canadian dollars.

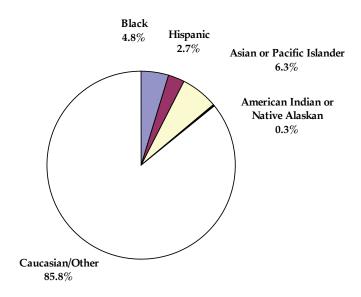

¹ This is the average monthly noon exchange rate published in the *Bank of Canada Review* for the period July 2006–June 2007 and is used in converting 2007–2008 figures that are collected as of July 2007.

RACE AND ETHNICITY

There were 1,280 minority professional staff reported in 99 U.S. ARL university libraries, including law and medical.² Note that the data for minority professionals comes only from the U.S. ARL university libraries following the Equal Employment Opportunity Commission (EEOC) definitions; Canadian law prohibits the identification of Canadians by ethnic category.

Currently, 14.1% of the professional staff in U.S. ARL university libraries (including law and medical) belongs to one of the four non-Caucasian categories for which ARL keeps records. The number of minorities in managerial or administrative positions in the largest U.S. academic libraries is far lower: 5.2% are directors (5 out of 97), 6.3% are associate or assistant directors (26 out of 411), and 11.7% are branch librarians (52 out of 445). Graph 1, below, depicts the overall racial/ethnic distribution of professional staff in U.S. ARL university libraries: Caucasian/Other 85.8%, Asian/Pacific Islander 6.3%, Black 4.8%, Hispanic 2.7%, and American Indian/Alaskan Native 0.3%. According to a 1998 survey by Mary Jo Lynch, data from the American Library Association (ALA) show that the sample of academic libraries surveyed by ALA has a higher representation of Blacks, Asian/Pacific Islanders, and American Indian/Alaskan Native than ARL libraries.³

Graph 1 Ethnicity/Race of Professional Staff in U.S. ARL University Libraries, 2007-08

² Some U.S. institutions offer their librarians the option of not reporting race and ethnicity; others forbid the tracking of racial and ethnic classification altogether. See Footnotes.

Mary Jo Lynch, "Librarians' Salaries: Smaller Increases This Year," American Libraries 29.10 (1998): 66–70. Also available at http://www.ala.org/alaorg/ors/racethnc.html.

Minority professional staff in U.S. ARL university libraries continues to be disproportionately distributed across the country. Using Figure 1, we can compare the number of minority staff with other staff, region by region. These patterns of distribution have been relatively stable for the entire history of ARL's data-collection experience. Minorities are underrepresented by more than 30% in the New England, West North Central, and East South Central regions (see Table 25 for a definition of the regions). Proportionately to other regions, there are more minorities in the South Atlantic, West South Central, and Pacific regions.

ARL recognizes the difficulties that the profession has in attracting a diverse workforce and continues to work actively in the development of workplace climates that embrace diversity. The ARL Diversity Program, through its Leadership and Career Development Program and the Initiative to Recruit a Diverse Workforce, emphasizes ARL and its members' commitment to creating a diverse academic and research library community to better meet the new challenges of global competition and changing demographics.

Salary Survey Trends 2007–2008 · 9

Further, the Diversity Program focuses on issues surrounding work relationships in libraries while considering the impact of diversity on library services, interactions with library users, and the development of collections, at its homepage, http://www.arl.org/diversity/index.html.

Women comprise 69.38% of the four racial/ethnic groups that comprise minority staff, as compared to 63.04% of Caucasian/Other staff in all U.S. ARL university libraries. The overall gender balance in the 113 Canadian and U.S. university libraries (including law and medical) is 35.47% male and 64.35% female. See Figure 1, above, and Figure 2, below, for more detail on race/ethnic and gender distribution.

^{*} Includes staff in medical and law libraries.

GENDER DATA

Many readers of previous surveys have inquired about evidence of gender-based salary differentials in ARL libraries. Data on salary comparisons for directors also are frequently requested. The average salary

for male directors was higher than that of their female counterparts (see Table 17); however, the number of women in the top administrative library position has been growing steadily in recent years (62 women directors out of 111 total directorships reported).

Looking at other job categories, though, as Table 17 demonstrates, average salaries for men in most cases still surpass those of women in the same job category. In only nine categories of the 27 used in the table do the average salaries of women exceed those of men. The overall salary for women is 95.39% that of men for the 113 ARL university libraries, compared to 95.69% in 2006–2007. This shows a marked closure of the gender gap in ARL libraries over the long term — in 1980–1981, women in ARL libraries made roughly 87% that of men.

Table 18 provides average years of professional experience for many of the same staffing categories for which salary data are shown in Table 17, revealing that experience differentials between men and women cannot account fully for the salary differentials. Women average more experience in all but two of the nine job categories in which they average higher pay, but there are other categories in which women on average have more experience and less pay: Director, Assistant Director, Functional Specialist, and Department Head--Other. Table 19 further reveals that the average salary for men is consistently higher than the average salary for women in all ten of the experience cohorts, a pattern that is also repeated for minority librarians: the average salary for minority men is higher than that for minority women in nine out of the ten experience cohorts (see Table 30).

There is a sense that the gender gap persists in academe in areas beyond the library and that a renewed commitment to resolve the problem is needed.⁴ A variety of reasons have been offered as to why these trends persist, most notably the perception that work is peripheral in a woman's life and, consequently, female-dominated professions are undervalued. Librarianship is predominantly and persistently a woman's profession. The scarcity of men in the profession has been well documented in many studies — the largest percentage of men employed in ARL libraries was 38.2% in 1980–1981; since then men have consistently represented about 35% of the professional staff in ARL libraries.

THE FUNCTIONAL SPECIALIST BREAKDOWN

In 2004, the ARL Statistics and Measurement Committee accepted a proposal from the ACRL Personnel Administrators and Staff Development Officers Discussion Group to break down the Functional Specialist category. The Group's major concern was that so many different types of positions, with their varying job descriptions and salaries, were being labeled with the code FSPEC that data reported for the category were beginning to lose meaning. For each position that would have been labeled FSPEC in past years, the proposal offered ARL institutions two options: either use one of eight new codes to describe that position; or, if none of the eight new codes could adequately describe that position, use FSPEC. As seen in Figure 3a, only 5.8% of Functional Specialists in all libraries did not use an alternative code, a significant decrease from 20.2% in 2006–2007. Of the positions that did use an alternate code, 50.5% of them were Archivists or Information Technology specialists.

⁴ There are many instances citing the continuation of gender inequity in academia. See, for example: Denise K. Manger's articles in the *Chronicle of Higher Education*, "Faculty Salaries Increased 3.7% in 1999-2000" (14 Apr. 2000: A20) and "Faculty Salaries are Up 3.6%, Double the Rate of Inflation" (23 Apr. 1999: A16); D. W. Miller, "Salary Gap Between Male and Female Professors Grows Over the Years, Study Suggests," *Chronicle of Higher Education*, Today's News, 27 Apr. 2000, https://chronicle.com/daily/2000/04/2000042702n.htm; and Yolanda Moses, "Salaries in Academe: The Gender Gap Persists," *Chronicle of Higher Education* 12 Dec. 1997: A60.

Figure 3b, below, displays the average salaries of the subcategories by position and sex in main libraries, in the same fashion as Table 17. The salaries in each of the sub-categories deviate widely about the combined Functional Specialist average salary of \$60,748. Programming specialists have the highest average of all subcategories, with an average salary of \$69,804; specialists in Preservation/Conservation have the lowest average salary of \$51,024.

| Preservation/Conservation | 52,690 | 38 | 49,987 | 61 | 51,024 | 99 |
| Other Functional Specialists | 59,029 | 80 | 62,287 | 38 | 60,078 | 118 |
| | | | | | | |
| All Functional Specialists (See Table 17) | \$59,975 | 1,048 | \$61,634 | 915 | \$60,748 | 1,963 |

In regards to the gender gap in ARL libraries explained in the previous section, it is worth noting that the average salaries of men are higher than those of women in seven out of the nine categories in Figure 3b.

Institutional Characteristics and Salaries

A. Public and Private Institutions

The gap between salaries paid in private U.S. ARL university libraries and those paid in publicly supported U.S. university libraries is 6.2%, or an average of \$4,061 more paid for a position in a private institution. There are four job categories in which average salaries in the public sector exceeded those in private university libraries: Heads of Circulation, Heads of Documents and Maps, Heads of Rare Books and Manuscripts, and Reference librarians with more than 14 years of experience were paid more on average in public institutions (see Table 21).

B. LIBRARY SIZE

Library size, as measured by the number of professional staff, is another significant determinant of salary. As a rule, the largest libraries pay the highest average salaries, not only overall, but for specific positions as well. The cutoff staffing levels used to determine the largest cohort of libraries, after declining in every year since 1995–1996, continued to hold steady at 110 in 2007–2008.⁵ The largest libraries, those with more than 110 staff, reported the highest average salary, \$69,603, compared to \$67,902 for the libraries with between 75 and 110 staff. The smallest libraries (22–49 staff) had the third-highest average salary of the cohorts, followed by those libraries with 50 to 74 staff. The gap between the highest paying cohort and the lowest paying cohort is \$4,613, about 22% smaller than last year's difference of \$5,948 (see Table 23). The sharp decrease in the gap between highest-paying and lowest-paying cohorts is related to the strengthening of the Canadian dollar relative to the U.S. dollar (see Table 4 for a list of exchange rates since 1984–1985), as 11 of the 14 Canadian ARL members have less than 74 staff.

C. GEOGRAPHIC AREA

The highest salaries are found in New England (see Table 25), followed by the Pacific and Middle Atlantic regions. All three areas have overall average salaries higher than \$70,000, with New England averaging as high as \$72,947. The U.S./Canadian exchange rate has dropped precipitously over the past four years; as a result, Canada has moved from being the lowest-paying region to the third-highest-paying region, with an average salary in U.S. dollars of \$70,667. Instead the West South Central region had the lowest average salary, with an average of \$60,600.

D. RANK STRUCTURE

Rank structure continues to provide a useful framework for examining professional salaries in ARL university libraries. Figure 4, below, displays average salary and years of experience in the most commonly used rank structures. Readers should be aware that not all individuals have a rank that fits into the rank structure the library utilizes. Most commonly, directors may have no rank or a rank outside the structure, and it is common for non-librarians included in the survey (business officers, personnel staff, computer specialists, etc.) to be unranked, as well.

⁵ In 1995–1996, the largest cohort of libraries was determined based on staff over 124; in 1996–1998, over 120; in 1998–1999, over 115; and since 1999–2000, over 110. See Table 23.

The pattern of relationships between rank and salary seen in past years continues, where higher rank is associated with higher average years of experience and a higher salary. 6,104 of the 9,983 librarians in ARL university member libraries occupy a rank within these three most commonly found ranking systems, and the largest number of professionals (3,437) occupies a rank in a four-step rank structure.

FIGURE 4

AVERAGE SALARIES AND AVERAGE YEARS OF EXPERIENCE OF LIBRARY PROFESSIONALS
IN LIBRARIES WITH THREE, FOUR, AND FIVE STEP RANK STRUCTURES
FY 2007–2008

| | Three | e-Step | Four-Step | | Five | -Step |
|--------------|--------|------------|-------------|------------|--------|------------|
| | Salary | Experience | Salary | Experience | Salary | Experience |
| Librarian 1 | 52,906 | 8.0 | 50,034 | 7.7 | 47,956 | 9.3 |
| Librarian 2 | 63,819 | 16.3 | 54,505 | 11.4 | 56,907 | 14.5 |
| Librarian 3 | 83,478 | 24.8 | 68,114 | 20.2 | 63,749 | 18.0 |
| Librarian 4 | | | 84,864 | 26.5 | 80,299 | 24.6 |
| Librarian 5 | | | | | 91,577 | 27.2 |
| No. of Staff | 1,3 | 351 | 3,437 1,127 | | 127 | |

Inflation Effect

Tables 2 and 6 reveal changes in beginning professional and median salaries, as well as changes in the U.S. Bureau of Labor's Cost of Living Index (CPI-U) for university and nonuniversity research libraries. Table 3 is similar to Table 2, but reports data only on U.S. libraries. Table 4 shows trend data for Canadian libraries and compares them to the Canadian Consumer Price Index changes. Tables 2, 3, and 4 include law and medical library staff in ARL university libraries. All tables indicate that the purchasing power of professionals working in ARL libraries is keeping up with inflation.

For a second consecutive year, the median U.S. salary has been exceeded by the median Canadian salary converted to U.S. dollars. The median salary for all ARL university libraries was \$61,833 in 2007–2008; for U.S. libraries only it was \$61,329; and for Canadian libraries converted into U.S. dollars it was \$67,331, or a median of \$76,239 Canadian dollars. In addition to the gains made by the Canadian dollar against the U.S. dollar, Canadian salaries also increased sharply when denominated in Canadian dollars, by 3.9% (Table 4), while U.S. salaries increased 3.5% (Table 3). The median salary for combined U.S. and Canadian university libraries increased 3.6% (Table 2); At the same time, the U.S. Consumer Price Index increased 2.4% in the last year and the Canadian Consumer Price Index increased 2.5%.

Beginning salaries in the university sector continue to increase at a steady rate. The median beginning salary in ARL university libraries increased to \$41,125; this 2.8% is almost half the 5.5% increase reported in 2006–2007. After a 10.6% jump in 2006–2007, the median beginning salary for ARL nonuniversity research libraries increased by only 3.7% to \$44,359. Table 6 reveals that the median salary for nonuniversity staff has increased about 0.2% since 2006–2007, to \$80,261.

Libraries need staff with high-level technical skills to operate at the more sophisticated and complex information environments that are in place. As people are hired with higher beginning salaries, the inability

to adjust the overall salary structure to achieve some equity for the experienced staff members is another factor that contributes to slow salary growth for higher salaries.

Readers are reminded that these data reflect only salaries, and that there are other compensation issues which may have influenced the pattern of salaries in various institutions. In addition, a highly standardized structure for capturing data has been used, which may portray results in a way that cannot be fully representative of a local situation.

TABLE 4: SALARY TRENDS IN CANADIAN ARL UNIVERSITY LIBRARIES*

Salary figures for the current year are displayed in the context of previous years. Canadian salaries are presented in both U.S. \$ and Canadian \$ denominations and the annual exchange rate used in the salary surveys is also listed. Canadian salaries are also compared to the changes in the Canadian Consumer Price Index (CPI) to show trends in the purchasing power of median Canadian salaries. CPI number changes are based on July CPI figures. The Canadian CPI change is indicated in the August 22, 2006 edition of *The Daily*, a Statistics Canada publication, at http://www.statcan.ca/english/Subjects/Cpi/cpi-en.htm.

| Fiscal Year | No. of Libs. | Total Staff | Median Salary in U.S. \$ [†] | Median Salary Change [†] | Exchange Rate | Median Salary in Can. \$ | Median Salary Change | Canadian CPI Change |

TABLE 6: SALARY TRENDS IN ARL NONUNIVERSITY LIBRARIES*

Salary figures for the current year are displayed in the context of the previous years and compared to the changes in the Consumer Price Index (CPI) to show trends in the purchasing power of median and beginning professional salaries. Salary figures and CPI numbers have been converted to adjusted indexes, using July 1984 as the base. Actual CPI data retrieved from the U.S. Department of Labor, Bureau of Labor Statistics' *Consumer Price Index for All Urban Consumers - (CPI-U)*, located at

http://146.142.4.24/cgi-bin/surveymost?cu.

UNIVERSITY LIBRARY

Questionnaire and Instructions

ARL Annual Salary Survey 2007–2008 University Library Questionnaire

GENERAL AND DATA INPUT (EXCEL) INSTRUCTIONS

http://www.arl.org/stats/annualsurveys/salary/

GENERAL OVERVIEW

- Use the newly available Web form for your data submission. Fill in Part I on the Web and upload your file for Part II through the same interface.

 NOTE: You must complete the entire submission in a single session. The Web interface does NOT allow you to return and edit your information once it is submitted.
- This survey is concerned with professional positions only. Since the criteria for determining professional status vary among libraries, there is no attempt to define the term "professional." Each library should report the salaries of those staff members it considers professionals, irrespective of faculty status or membership in a collective bargaining unit, including, when appropriate, staff who are not librarians in the strict sense of the term, such as computer experts, systems analysts, budget officers, etc.
- Report individual salaries for the Main, Law, and Medical library on the separate template using Microsoft Excel (see http://www.arl.org/stats/annualsurveys/salary/salform07.shtml). A generic template is available. Add your institution's ARL Library Institution Code [LibID]. (See http://www.arl.org/stats/annualsurveys/surveycoord/instno_inam.shtml if you do not know your code.)
- Use "Percent" to determine if an employee works full-time or part-time. All full-time employees have Percent = 1.00, i.e., they work 100% of a full-time schedule. If Percent is less than 1.00, then the employee works that fraction of a full-time schedule. For example, a 65% time appointment would be entered as 0.65. Calculate the percent appointment by dividing the amount of time an employee works by the amount considered to be the norm for full-time employment at your institution. For example, if a full-time appointment at your institution is 12 months at 40 hours per week:
 - \circ A 9-month part-time appointment has Percent = 9/12, or 0.75.
 - \circ An appointment at 30 hours per week has Percent = 30/40, also 0.75.
 - \circ An appointment at 30 hours and 9 months has Percent = 0.75 x 0.75 = 0.56.

Enter Percent with two decimal points.

- Report salaries for both full-time and part-time professional positions. Salaries for part-time positions should **NOT** be converted to their full-time equivalents. Report the actual part-time salary paid and indicate the percent appointment for that employee in the appropriate column.
- Include salaries for all professional positions, regardless of whether the salaries come from regular library budget funds or from special funds such as research grants. Please include all professionals involved in the provision of library services, including contract-supported positions.
- The salary figures should be straight gross salary figures. Do not include fringe benefits.

- Provide explanatory footnotes to the reported figures, when necessary, at the end of Part I. Footnotes will be included in the published survey, where appropriate.
- After all data have been entered, make a backup copy of the complete file for your institution's master file. Your backup should include individual names/ID numbers. NOTE: The data submitted to ARL should NOT include individual names/ID numbers, so ARL will NOT be able to supply a copy of your institution's complete file next year.
- Please return the questionnaire the ARL Statistics and Measurement Program by September 30, 2007. Be sure to keep a complete copy of your return, including the electronic version of the data for your files.

Instructions

Part I: Summary Data

- 1. Part I of this survey deals with general information for the current fiscal year, 2007-08.
- 2. Include the Beginning Professional Salary for Law and Medical libraries if included in the survey.
- 3. The Beginning Professional Salary is the salary that **would** be paid to a **newly hired professional without experience**, not necessarily the lowest professional salary paid. In reporting the beginning salary, please use a figure that is actually used or likely to be used for entry-level librarians hired by your library, even if it is your practice rarely to hire entry-level professionals without experience.
- 4. Please report the **2007–2008** Beginning Professional Salary to the best of your knowledge as it exists on July 1, 2007. Do not delay returning your survey with the expectation that more information will be available later.
- 5. The 2007–2008 Average and Median Salary figures will be calculated by ARL from the individual data supplied.
- 6. Be sure to fill in the name of the reporting library and the name of the person who prepares the report.

Part II: Individual Data

- 1. Part II of this survey requests information on salary, sex, minority status, rank, and years of experience for all filled positions for fiscal year 2007–2008. The survey requests information for individuals; aggregate data for each institution will be generated by computer. Vacant positions should be excluded from your report.
- 2. Data for the Main, Law, and Medical libraries should be reported on separate Excel files.
- **3. Obtain the Excel file.** These instructions assume that you have Microsoft Excel available for use. If not, or if you have trouble opening the files in Excel, please call the ARL Statistics and Measurement Program at (202) 296-2296 or email stats-ra@arl.org.
- 4. The template Excel file is available at: http://www.arl.org/stats/annualsurveys/salary/salform07. shtml. This is a generic, blank file that can hold data for Main, Law, or Medical libraries. The file's name is "sal07xxxxx.xls"; open the file and save it to your own computer by choosing "Save

As" under the File menu. When saving the file, please change the "xxxx" in its name to your institution's name, e.g., "sal07ALABAMA.xls."

The file contains columns labeled as follows:

Required: Name/ID# LibID Page Line Salary Job Sex OEOcat Yrsexp Rank Percent

Optional: Hisp NatAm Asian Black HawPI White

In the LibID column, enter your ARL Library Institution Code. (See http://www.arl.org/stats/annualsurveys/surveycoord/instno_inam.shtml if you do not know your code.) If you leave this column blank we will fill it in for you when we receive the data.

Columns labeled "Page," "Line," and "Percent" are already filled for you. The numbers in the "Page" and "Line" columns will be used to identify these positions in case of data errors; do not change them. Ten "pages" of 25 lines each have been provided; if this is not sufficient to list all positions at your institution, copy and paste lines 1-25 of the last page as needed.

Entering Data for Part II: Individual Data

- 1. The "Name/ID#" column is for your internal use, to enter and verify information for staff members by name. ARL does not require that you submit the information in this field to ARL. Please delete this column before sending the file to ARL. Upon receiving this file, ARL will delete any data in this column if you have not deleted them already.
- 2. The "LibID" will hold your institution's ARL number, for identification purposes. If you do not know your ARL number, you can find it on the Web under ARL Library Institution Codes. If you leave this column blank, it will be filled in by ARL staff.
- 3. "Salary" should be entered as it existed on July 1, 2007. Please do not hold up the reporting process for later salary adjustments. Include all filled positions and exclude all vacant positions. Report the actual salary paid. Do not adjust part-time salaries to their full-time equivalents; ARL will do this during the data analysis and verification stage. Do not include fringe benefits.
- 4. Each position can have only one "Job" code, to be taken from the following list:

DIRLIB Director of Libraries (includes Dean of Libraries and equivalent titles)

ASCDIR Associate Director ASTDIR Assistant Director

HDMED Head, Medical Library (Human Medicine only)

HDLAW Head, Law Library

HDBR Head, Other Branch Library (including Veterinary Medicine)

FSPEC Functional Specialist

ARCH Archivists/Curators

BUSI Budget/Fiscal/Business Manager/Facilities
HUMRES Human Resources/Training/Staff Development

ITS Information Technology Systems

ITW Information Technology Web Development

ITP Information Technology Programming/Application Development

MEDIA Media/Multimedia Specialists (including graphics)

PRES Preservation/Conservation

SSPEC Subject Specialist

HDACQ Head, Acquisitions Department HDCAT Head, Catalog Department/Unit

HDCIRC Head, Circulation

HDCOMP Head, Library and Computer Systems

HDDOC Head, Documents Department HDMAP Head, Map Room/Department

HDRBM Head, Rare Book/Manuscripts Department

HDREF Head, Reference Department HDSER Head, Serials Department

HDOTH Head, Other Department/Service/Agency CAT Catalogers, both general and specialized

REF Reference librarians, both general and specialized

PUBS Public Services, non-supervisory, except reference librarians
TECH Technical Services, non-supervisory, except catalogers
ADMIN Administrative and other units, non-supervisory position

The position categories used in this survey are intended to correspond roughly with the activities carried on in libraries, not with any particular pattern of staff organization or nomenclature. Please use these categories in the manner you feel best applies to your library. If any individual has responsibilities described by more than one of the above categories, choose the category that is <u>most</u> typical of his/her general duties.

Associate or Assistant Director, and Head, Other Branch. Use these codes for all persons at these levels regardless of the area of specialty. If an assistant or associate director is also head of a department, choose the category that most reflects the general duties of the person currently in the position.

Specialists. These are of two kinds: Subject Specialists primarily build collections, but may also offer specialized reference and bibliographic services; Functional Specialists are media specialists or experts in management fields such as personnel, fiscal matters, systems, preservation, etc. Specialists may not be, strictly speaking, professional librarians (i.e., have an MLS). The "specialist" category would generally not be used for someone with significant supervisory responsibilities, who should instead be listed as a department head or assistant director (see also note under Assistant Department Head, below).

Functional Specialist sub-codes. Starting with the 2004–2005 Salary Survey, the ARL Statistics and Measurement Committee adopted a proposal from the ACRL Personnel Administrators and Staff Development Officers Discussion Group to break down the Functional Specialist category. For each position which would have been labeled FSPEC prior to 2004–2005, instead please use one of the eight sub-codes (ARCH, BUSI, HUMRES, ITS, ITW, ITP, MEDIA, PRES) to describe that position. If you cannot determine which sub-code to use, please use the FSPEC code.

Department Heads. Department Heads not specifically included in the above list should be included under the category "Head, Other Department/Service/Agency." Head, Catalog Department should be used either for the department that handles all cataloging, or for the head of a specialized cataloging unit (e.g. copy cataloging or foreign languages). List the head of library automation and computer systems, applications, programming, etc. as HDCOMP unless that person is also an Associate or Assistant Director, in which case use the appropriate administrative code. If there is an intermediate level of management between an Associate or Assistant Director and the professionals who actually carry out the analysis, programming, etc., use HDCOMP to define that intermediate level. Professionals who carry out analysis, programming, etc., should be listed as functional specialists (FSPEC).

Head, Acquisitions Department. Use HDACQ for all of the following positions: (a) head of a department that is responsible for the selection of material (or management of selection activities carried out on a basis encompassing more than a single organizational unit), but not responsible for the placement of orders, payment of invoices, etc.; (b) head of a department responsible for the placement of orders, maintaining on-order files, payment of invoices, etc., but not responsible for selection decisions; (c) head of a department responsible for both the selection decisions (or coordination of selection activities) and for acquiring the material. Libraries that split these two functions between two departments should report more than one professional with the position HDACQ.

[Special note concerning Assistant Department Heads. Assistant Department Heads who are responsible for major units and spend the bulk of their time in supervision and revision of the work of others should also be listed as "Head, Other Department/Service/Agency." See additional subcodes below for Head, Cataloging, and Head, Other Department. However, Assistant Head positions responsible for small units or for supervision only in the absence of the head should be reported as non-supervisory or specialist positions as appropriate.]

Administrative. Please note that ADMIN is not only for Administrative Services and related positions, but also can be applied to Public Relations/Communications, Development/Fundraising, and all other administrative and/or professional positions which do not have a logical home elsewhere.

- 5. Please indicate "Sex" with the letter M or F, indicating male or female, respectively.
- 6. "OEOCat" minority status code, for U.S. university libraries only, should be indicated with one of the following code numbers. (Leave blank if a Canadian library):
 - 1 = Black
 - 2 = Hispanic
 - 3 = Asian or Pacific Islander
 - 4 = American Indian or Native Alaskan
 - 5 = Caucasian/Other
- 7. "YrsExp," or total years of professional experience. For most professional staff members this will mean counting the years since the MLS degree was awarded. When counting, do not subtract

interim periods when an individual was not engaged in professional library employment if these periods are short in relation to the overall professional career. Count an academic year contract period as a full year. Be sure to include professional experience in previous positions and in other institutions. The figure should be rounded off to the nearest whole number; for example, a position with 14.5 years of experience would appear as 15.

8. Indicate "Rank" using the following system of codes:

- The library director. Some systems also use 0 for assistant and/or associate directors.
- 1 Lowest level in the rank structure, such as an entry-level position.
- 2–8 Successively higher levels; for example, 5 indicates a higher rank than 2.
- 9 Rank cannot be determined, or, the individual is outside the organization's rank structure.

Responses concerning rank should be limited to professional librarians, and other professionals who occupy the same ranks as librarians. Leave the rank column blank for professionals who do not occupy these ranks or if the column is not applicable. For example, if the Library Business Officer holds a rank typically used for university administrators but not for librarians, do not supply a rank code for that individual, even if you have included salary and other data.

If multiple ranking structures are used for librarians and these structures are substantially different and not equivalent, enter individual rank information only for that group which represents the largest fraction of "rank-and-file" librarians.

The maximum number of ranks reported here should not exceed the maximum number of rank-levels reported in Part I for individual data under Rank structure. When counting the total number of rank levels, include ranks that may be unoccupied at the present time due to circumstances like unusually high turnover, hiring freezes, etc.

- 9. "Percent" is used to determine if an employee works full-time or part-time. All full-time employees have Percent = 1.00, i.e., they work 100% of a full-time schedule. If Percent is less than 1.00, then the employee works that fraction of a full-time schedule. For example, a 65% time appointment would be entered as 0.65. Calculate the percent appointment by dividing the amount of time an employee works by the amount considered to be the norm for full-time employment at your institution. For example, if a full-time appointment at your institution is 12 months at 40 hours per week:
 - \circ A 9-month part-time appointment has Percent = 9/12, or 0.75.
 - \circ An appointment at 30 hours per week has Percent = 30/40, also 0.75.
 - \circ An appointment at 30 hours and 9 months has Percent = 0.75 x 0.75 = 0.56.

Enter Percent with two decimal points.

Optional Questions: The U.S. Office of Management and Budget has revised the Standards for the Classification of Federal Data on Race and Ethnicity¹ and according to the new standard there will be five minimum categories for data on race (American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and White) and one category for data on ethnicity ("Hispanic or Latino"). **Respondents will be able to report more than one race**

 $^{^{1}\} http://www.whitehouse.gov/omb/bulletins/b00-02.html\ and\ http://www.whitehouse.gov/OMB/fedreg/ombdir15.html$

by choosing multiple responses to the race question. The purpose of the revised classification is to reflect the increasing diversity of the U.S. population that has resulted primarily from growth in immigration and in interracial marriages. The new standards were used by the Bureau of the Census in the 2000 decennial census. In light of these developments, we are collecting the new classification on race and ethnicity in the *ARL Annual Salary Survey on an optional basis*.

Ethnicity should be indicated by coding 1 to indicate if the person is of Hispanic or Latino ethnicity, and coding 0 otherwise. The definition of Hispanic or Latino ethnicity is: A person of Cuban, Mexican, Puerto Rican, Cuban, South or Central American, or other Spanish culture or origin, regardless of race.

Race should be indicated for U.S. university libraries only, by choosing one or more responses among the five racial categories provided here; 1=yes and 0=no. You can select multiple racial categories for a person. The definitions of the five racial categories, listed with their respective column names, are:

American Indian or Alaska Native (NatAm): A person having origins in any of the original peoples of North and South America (including Central America) who maintains tribal affiliation or community attachment.

Asian (Asian): A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Black or African American (Black): A person having origins in any of the black racial groups of Africa.

Native Hawaiian or Other Pacific Islander (HawPI): A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

White (White): A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

Submitting the Data for Part I and Part II on the Web

ARL is using the online services of FormSpring to collect the data. As part of its privacy policy, FormSpring pledges not to sell any collected information to third parties. For the complete FormSpring privacy policy, visit http://www.formspring.com/privacy.html. ARL also accepts Part I and Part II of the salary survey by e-mail from those users who may be uncomfortable submitting the files in FormSpring.

Access the form at: http://www.arl.org/stats/annualsurveys/salary/salform07.shtml. Be sure to have the electronic copy of your completed salary survey Excel file handy as you will be submitting this file via the FormSpring Web form. In addition to the completed Excel file, be prepared to provide the following information as well:

- The name, title, email and phone number of the person who prepared the Excel file. The name, title, email and phone number of your institution's contact person for the salary survey (if different from the person who prepared the Excel file)
- Indicate whether you are submitting salary information for one or more of the following: Main, Law, or Medical library, and the beginning professional salary and rank structure for each.

For professional salary list the salary that would be paid to a newly hired professional without experience (even if local practice discourages hiring entry-level professionals without experience). Please report the 2007–2008 beginning professional salary to the best of your knowledge as it existed on July 1, 2007.

For rank structure, list the number of unique levels in your institution's rank structure. If you have no levels in your rank structure, use 1. The number reported here should be equal to the highest number in the "Rank" column of your Excel file (i.e., the number of levels reported in your Excel file should equal the number of levels reported here).

• The names of the libraries that are included and excluded in your figures for the 'general libraries' (these can be main campus libraries or branch campus libraries), as well as any other explanatory information, should be indicated in a footnote. In your footnotes, report any information that would clarify the figures submitted: the inclusion and exclusion of branch campus libraries, a reporting date that is sooner/later than July 1, 2007, etc. Please make an effort to word your footnotes in a manner consistent with notes appearing in the published report, so that ARL can interpret your footnotes correctly.

Please return the completed questionnaire to the ARL Statistics and Measurement Program by **September 30, 2007.**For assistance, contact Martha Kyrillidou (martha@arl.org) or Mark Young (stats-ra@arl.org) or Kristina Justh (kristina@arl.org) or Gary Roebuck (gary@arl.org).

Tel. 202-296-2296 or fax 202-872-0884.

NONUNIVERSITY LIBRARY

Questionnaire and Instructions

ARL Annual Salary Survey 2007–2008

Nonuniversity Library Questionnaire

General Instructions for Completing the Questionnaire

- 1. This survey is concerned with the salaries of professional positions only. Since the criteria for determining professional status vary among libraries, there is no attempt to define the term "professional." Each library should report the salaries of those staff members it considers professionals, irrespective of membership in a collective bargaining unit, and including, when appropriate, staff who are not librarians in the strict sense of the term, such as systems analysts, budget officers, etc.
- 2. Salaries should be reported for all filled positions. Vacant positions should be excluded from your report.
- 3. Report 2007-08 salaries *as they exist on July 1, 2007*. If the library normally increases salaries at a date after July 1, and the salary as of that later date is known or can be estimated (within \$100 or so) by the time the questionnaire is due to be returned, please use the higher salary and footnote the effective date and/or whether the reported figures are known or estimated. Please do not hold up the reporting process for later salary adjustments.
- 4. The Median Salary is the salary that has an equal number of salaries above it and below it. In those libraries with an even number of positions, the median salary is the average of the two salaries that have an equal number of salaries above and below them.
- 5. The Beginning Professional Salary is the salary that would be paid to a professional without experience, not necessarily the lowest professional salary paid. In reporting the beginning salary, please use a figure that is actually used or likely to be used for entry-level librarians hired by your library.
- 6. Salaries should be reported for both full-time and part-time professional positions. However, salaries for part-time positions should be converted to their full-time equivalents before reporting; do not report the actual part-time salary paid.
- 7. Salaries should normally be reported on a 12-month basis. If an appointment is for 9 or 10 months at the option of the employee, the actual salary paid should be increased to its 12-month equivalent. However, if appointments of less than 12 months are required by the employer, report the actual salary paid.
- 8. The salaries for all professional positions should be included, regardless of whether the salaries come from regular library budget funds or from special funds such as research grants.
- 9. The salary figures should be straight gross salary figures. Do not include fringe benefits.
- 10. Explanatory footnotes to the reported figures may be provided when necessary. Footnotes will be included in the published survey.
- 11. Provide the name of the reporting library and the name of the person who prepares the report.
- 12. Please return the questionnaire to the ARL Statistics and Measurement Program Office by **September 30, 2007.**

Total Number of Positions

Please return the completed questionnaire to the ARL Statistics and Measurement Program by **September 30, 2007.**

Footnotes to the ARL Annual Salary Survey, 2007–2008

| Institution | Note |
|----------------------|--|
| ALABAMA | Includes Angelo Bruno (Business), McClure (Education), Amelia Gayle Gorgas (main), W.S. Hoole (Special Collections), and the Eric and Sarah Rodger (Science and Engineering) libraries. |
| ALBERTA | Includes Bibliographic Services, H.T. Coutts Education Library, Humanities and Social Services Library, Faculty Saint-Jean Library, Winspear Business Reference Room, the Office of Staff Development and Training, and Cameron Library (which includes Interlibrary Loans/Document Delivery, Financial Systems and Analysis, Science and Technology Library, and Information Technology Services). Excludes John W. Scott Helath Sciences Library, J.A. Weir Memorial Law |
| ARIZONA | Library. Includes Main Library, Science-Engineering Library, Music Library, and the Center for Creative Photography, Arizona Health Sciences Library in Tucson Arizona Health Sciences Library in Phoenix (branch). |
| ARIZONA STATE | Includes the Tempe (Main) campus, the ASU West campus, and the ASU Polytechnic (East) campus. |
| AUBURN | Includes all Auburn University Libraries (including the two branch libraries on the main campus). |
| BOSTON COLLEGE | Includes O'Neill Library (main library), Bapst Art Library, Burns Library of Rare Books, School of Social Work Library, and the Educational Resource Center. |
| BRIGHAM YOUNG | Excludes BYU-Idaho, BYU-Hawaii, BYU Law Library, the LDS Business College, and the Salt Lake Center. |
| BRITISH COLUMBIA | Includes Asian, David Lam (Management), Education, Fine Arts, Koerner, Law, Life Sciences (including Biomedical Branch, Hamber, St. Paul's Hospital, and Woodward Biomedical), MacMillan, Irving K. Barber Learning Centre, Mathematics, Music, Robson Square, and UBC Okanagan libraries, as well as the First Nations House of Learning (Xwi7xwa), the Library Processing Center, the Rare Books and Special Collections Division, and the Science and Engineering Division. Excludes Reading Rooms and Affiliated Libraries. |
| BROWN | Includes the John Carter Brown Library. |
| CALIFORNIA, BERKELEY | Includes the General Library: Doe, Moffitt, Bancroft, Anthropology, Art History/Classics, Astronomy-Mathematics-Statistics, Bioscience and Natural Resources, Business & Economics, Chemistry, East Asian (including Center for Chinese Studies), Earth Sciences, Education- Psychology, Engineering, Environmental Design, Music, Optometry, Physics, Public Health (including Health Sciences Information Services, and Occupational & Environmental Health), and Social Welfare libraries and the Northern Regional Library Facility. |
| | Excludes Affiliated Libraries: Architectural Slide, Continuing Education of the Bar, Earthquake Engineering, Ethnic Studies, Giannini, Institute of Governmental Studies, Institute of Industrial Relations, Institute of International Studies, Institute of Transportation Studies, and Water Resources Center libraries, Law Library, and various departmental libraries (French, History, Philosophy, Rhetoric, and Slavic Languages and Literature). Beginning 2004-05, UCB salary figures include administrative stipends, where applicable. |

| Institution | Note |
|---|--|
| CALIFORNIA, DAVIS | Includes the Peter J. Shields library, the Physical Sciences and Engineering library, the Carlson Health Sciences Library, and the Agricultural and Resource Economic Library on the Davis campus, as well as the Medical Center Library on the Sacramento campus. Librarians reported as department heads have received administrative stipends that were not included prior to the 2004-05 survey. |
| CALIFORNIA, LOS ANGELES | Includes the Arts Library, College Library (Undergraduate Library), Eugene and Maxine Rosenfeld Management Library, Music Library, Richard C. Rudolph East Asian Library, Science & Engineering Library, Social Sciences and Humanities Library (Charles E. Young Research Library), and the Southern Regional Library Facility. Also includes data for 12 affiliated libraries on the UCLA campus including the American Indian Studies Center, African American Studies Center, Asian American Studies Center, Chicano Studies Research Center, Ethnomusicology Archive, Film & Television Archive, Graduate School of Education & Information Studies, Institute for Social Science Research, Latin American Center, Olive View Medical Center, Grant M. Hunt English Reading Room, and William Andrews Clark Memorial Library. Data for the Hugh and Hazel Darling Law Library and the Louise M. Darling Biomedical Library are reported in ARL Law Library and ARL Medical Library surveys respectively. Data for Louise M. Darling Biomedical Library includes information for the Pacific Southwest Regional Medical Library, an NLM-funded program that is part of the National Network/Libraries of Medicine based in the Biomedical Library. Librarians who are department heads have received administrative stipends since January 1998, however these stipends were not included in the salaries reported to ARL prior to 2003. Beginning with the 2003 survey, UCLA now includes those stipends in salaries reported for department heads. The Law Library Director position is currently in recruitment. The Associate Law Librarian is serving in interim capacity. The General Library Survey includes two Council of Library and Information Resources (CLIR) Fellows. |
| CALIFORNIA, RIVERSIDE | October 1, 2007. Includes Rivera Library (serving the College of Humanities, Arts, and Social Sciences, the School of Education, and the Graduate School of Management), the Science Library (serving the College of Natural and Agricultural Sciences and the College of Engineering), and the Palm Desert Campus Library (serving the Graduate School of Management and the Graduate Division). |
| CALIFORNIA, SAN DIEGO | Excludes the Media and Music libraries, which have no librarian employees. Includes Special Collections, Social Sciences & Humanities, Arts, Science and Engineering, and International Relations & Pacific Studies libraries, as well as the Scripps Institution of Oceanography, and the Center for Library Instruction and Computing Services. |
| CALIFORNIA, SANTA BARBARA CASE WESTERN RESERVE | Includes the Main and Arts libraries. Includes the Kelvin Smith (main) library, the Harris Library of the Mandel School of Applied Social Sciences, and the Kulas Music Library. |
| CANADA INSTITUTE FOR SCIENTIFIC AND TECHNICAL INFORMATION | Includes all branch libraries. |

Note Institution **CHICAGO** Includes all libraries: Science, Medicine, and Law. **CINCINNATI** Includes main campus only; branch campuses are not included. **COLORADO** Includes Norlin Library, Music, Business, Math/Physics, Engineering, and Earth Sciences libraries. COLORADO STATE Includes Main Campus Library, Atmospheric Sciences Library, and Veterinary Medicine Library. CONNECTICUT Includes Avery Point, Babbidge, Greater Hartford, Stamford, Torrington, Waterbury, Archives and Special Collections, Art and Design, Maps, Music, and Pharmacy libraries. **CORNELL** Includes Africana, Engineering, Entomology, Fine Arts, Geneva Experiment Station, Hotel Administration, Management, Mann, Math, Music, ILR, Olin/ Kroch/Uris, Physical Sciences, and Veterinary Medicine libraries. DARTMOUTH Includes Baker-Berry Library, Rauner Special Collections Library, Kresge Physical Sciences Library, Feldberg Business & Engineering Library, Sherman Art Library, Paddock Music Library, Dartmouth College Records DUKE Includes Divinity, Perkins/Boston, Lilly, Music, Vesic, Biology and Environmental Sciences, Marine, and Rare Book, Manuscripts, and Special Collections libraries. **EMORY** All salaries are effective September 1, 2007 and include the Main Library (which includes Chemistry, Music and Media, and the Manuscripts, Archives and Rare Books Library); Theology Library, and Oxford College Library. **FLORIDA** Includes Humanities and Social Science Library, Science Library, Music Library, Architecture and Fine Arts Library, Education Library, Journalism Library, and the Judaica Library. FLORIDA STATE Includes Strozier, Dirac (Science), Allen (Music), Goldstein, and Career Center libraries, as well as the Panama City ARC, the Ringling Museum in Sarasota, and the Heritage Protocol Grant. GEORGETOWN Include Woodstock Theological Library and the National Reference Center for Bioethics Literature (Bioethics Library). All libraries have different ranking structures. **GEORGIA** Includes the Main Library, Student Learning Center, Science Library, Curriculum Materials Library, Tifton Agricultural Center Library, Griffin Agricultural Center Library. GEORGIA TECH Includes the Main and Architecture libraries. **GUELPH** Includes the Main Campus Libraries (McLaughlin Library, OVC Learning Commons), and the Guelph Humber Learning Commons. Beginning professional salary unchanged from 2006-07 due to current and on-going labor negotiations. HARVARD Includes all libraries on the Boston and Cambridge campuses, including the Schlesinger Library at Radcliffe College. Excludes Biblioteca Berenson (Florence, Italy), Dunbarton Oaks Research Libraries (Washington, DC), and the Center for Hellenic Studies (Washington, DC). HAWAII Includes the Hamilton and Sinclair libraries. UH Library is reporting 24 additional positions for 2006-07. This is a result of a decision to include professional (non-librarians) for the first time. HOUSTON Includes the M.D. Anderson Library, the Jenkins Architecture & Art Library, the Music Library, the Pettey Optometry Library, and the Pharmacy Library.

Note Institution In 2005, a large number of positions were upgraded to "exempt" status. For the previous three years the UH Libraries had been reporting salaries for all exempt positions. However, the large reclassification had an impact on the data that does not reflect the salaries accurately, so starting in 2006-07 the UH libraries will report librarian salaries and staff salaries of positions that could conceivably be replaced by a librarian. HOWARD Moorland Springarn Research Center is a separate library housed in the building of the Main Library and is included in the Main Library data. ILLINOIS, CHICAGO UIC is one campus, including Peoria, Rockford, and Urbana locations. ILLINOIS, URBANA Includes all main campus libraries. **INDIANA** Includes all main campus libraries. Excludes the Indianapolis School of Law, Dentistry, and Medicine Library; IUPUI University Library; Herron School of Art Library; Columbus Library; and Science and Engineering Library; as well as branch campuses at IU-East, IU-Kokomo, IU-Northwest, IU-Southeast, IU-South Bend, and IUPUI-Fort Wayne. **IOWA** Includes Main Library and 10 branch libraries. **IOWA STATE** Includes Parks (main) Library and the Veterinary Medical branch library. JOHNS HOPKINS Includes the Sheridan Libraries, the Friedheim Library, and the School of Advanced International Studies Library. KANSAS Salaries reported for the Main Library include the Lawrence and Edwards campuses. Salaries reported for the Medical Library include the Dykes Library. Excludes the University of Kansas School of Medicine Library in Wichita, KS, and the Clendening History of Medicine Library in Kansas City, KS. KENT STATE Includes the Kent Campus (main) library, the Kent Campus branch libraries (Music, Architecture, Chemistry/Physics, Fashion, Map), and the regional campuses in Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull, and Tuscarawas. In previous years, faculty librarians were hired at the assistant professor level or above. In 2007, some faculty librarians were hired at the level of instructor, which is one step below assistant professor. KENTUCKY Includes the William T. Young Library (Main campus library), the Agricultural Information Center, Chemistry/Physics Library, Design Library, Education Library, Engineering Library, Equine Library, Fine Arts Library, Geological Sciences Library and Map Collections, Kentucky Transportation Center, Lexmark Information Center Mathematical Sciences Library, and Special Collections and Digital Programs. LAVAL Includes the law and medical libraries. LIBRARY OF CONGRESS Salaries include Professional and Administrative positions. LOUISIANA STATE Includes Middleton Library and Hill Memorial Library. While geographically in the same location (Baton Rouge), the Law School and School of Veterinary Medicine are considered separate campuses.

the University Archives.

Includes the Ekstrom (main) Library, the Art Library, the Music Library, and

104 · ARL Annual Salary Survey 2007–2008

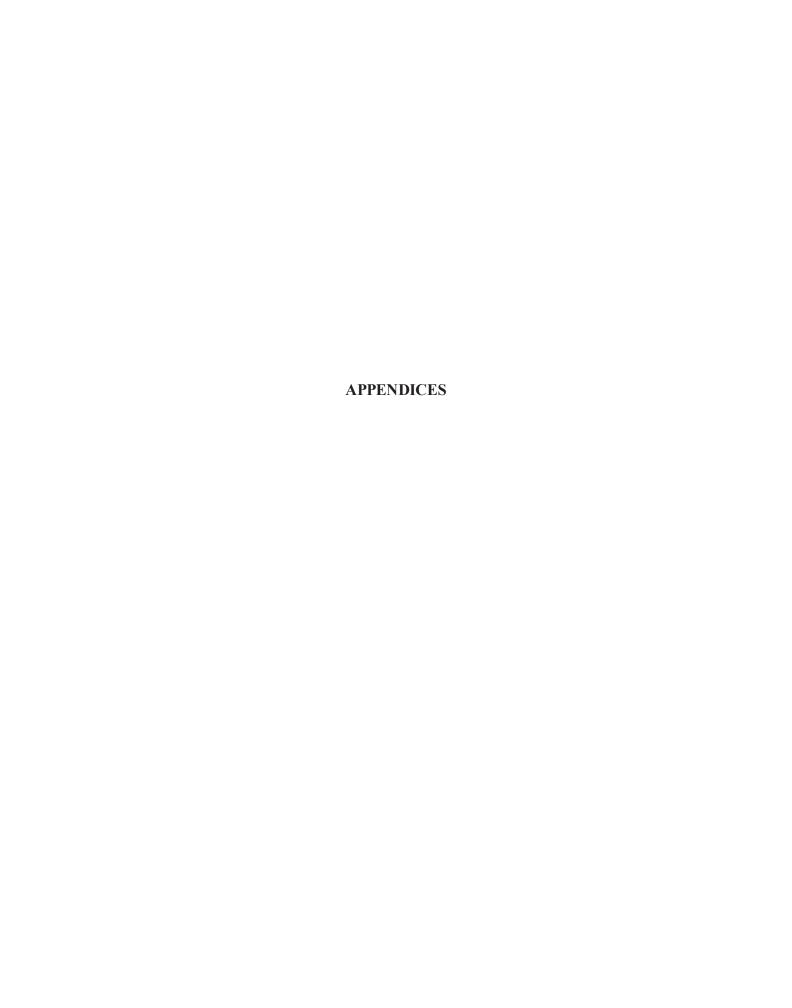

LOUISVILLE

| Institution | Note |
|-------------------------------|--|
| McGILL | Includes Blackader (Art & Architecture), Education, Howard Ross (Management), Schulich (Science & Engineering), Marvin Duchow (Music), MacDonald campus (Agriculture), Islamic Studies, Humanities & Social Sciences, Walter Hitsfeld (Geographic Information) libraries, Birks Reading Room, Digital Collections Program, Edward Rosenthall Mathematics and Statistics Library, Electronic Data Resource Service, Government Information Service, Rare Books and Special Collections Division, Library Technology Services, Collection Services, ILL/Document Delivery. |
| McMASTER | Includes the Mills Memorial, Thode (Science & Engineering), Innis (Business), and Health Sciences libraries. |
| MANITOBA | Includes Elizabeth Dafoe, Albert D. Cohen, Sciences and Technology, Architecture/Fine Arts/Music, William R. Newman (Agriculture), D.S. Woods (Education), St. John's College, and Fr. Harold Drake libraries. Excludes Neil John Maclean Health Sciences Library, Carolyn Sifton- Helene Fuld St. Boniface Hospital, Victoria General Hospital, Seven Oaks General Hospital, Grace General Hospital, Concordia Hospital, Deer Lodge, Misercordia, and Riverview Health Center libraries. |
| MARYLAND | Includes Main Library and all branch libraries. |
| MASSACHUSETTS | Includes DuBois (main) library and the Integrated Sciences and Engineering Library. |
| | Promotions and annual salary increases usually take effect in September of each year. All salaries will increase 2.5%, and promotional increases of varying amounts will be implemented as soon as a new three-year collective bargaining contract is ratified. |
| MIAMI | Includes Main, Marine, Business, and Architecture libraries. |
| MICHIGAN | Includes Askwith Media, Asia, Biological Station, Dentistry, Fine Arts, Hatcher Graduate, Map, Art/Architecture/Engineering, Museums, Music, Science, UGL, Social Work, and Special Collections libraries. Excludes Bentley, Clements, Kresge Business Administration, and Gerald R. Ford Presidential libraries. |
| MISSOURI | Includes Main, Journalism, Engineering, Veterinary-Medical, and Archives libraries. |
| MONTREAL | Includes Aménagement (Environmental Development), Bibliothéconomie et sciences de l'information (Library and Information Sciences), Botanique (Botany), Chimie (Chemistry), Didacthèque (Educational Resources), ÉPC-Biologie (Education-Communication-Psychology-PSychoeducation-Biology), Géographie (Geography), Kinésiologie (Kinesiology), Lettres et sciences humaines (Humanities and Social Sciences), Livres rares et collections spéciales (Rare books and Special Collections), Mathématiques et informatique (Mathematics and Computer Sciences), Médecine vétérinaire (Veterinary), Musique (Music), Optométrie (Optometry), Physique (Physics), École polytechnique (Affiliated School), and HEC Montréal (Affiliated School) libraries. Excludes Paramédicale (Paramedics), Droit (Law), and Santé (Health) Libraries. |
| NATIONAL AGRICULTURAL LIBRARY | All salaries are tracked with benefits. |
| NEBRASKA | Includes all University of Nebraska-Lincoln campus libraries: Love, Architecture, Engineering, Geology, Mathematics, Music, and C.Y. |
| NEW MEXICO | Thompson. Includes Centennial Science and Engineering Library, Fine Arts Library, Parish Memorial Library, Zimmerman Library. Excludes branch campuses in Gallup, Los Alamos, Taos, and Valencia. |

| Institution | Note |
|----------------------|---|
| NEW YORK | Includes Elmer Holmes Bobst, Institute of Fine Arts, Courant Institute of Mathematical Sciences, Real Estate, and Institute for Studies of the Ancient World libraries. |
| NORTH CAROLINA | Includes main campus and branch libraries. Excludes institute of marine science branch library. |
| NORTH CAROLINA STATE | Includes D. H. Hill (main), Design, Natural Resources, Textiles, Veterinary Medical, and College of Education Media Center. Effective 2006-07, a number of librarians considered to be "assistant department heads" were reclassified from HDOTH (as reported in previous surveys) to the non-supervisory or specialist positions appropriate to their assignments. These positions do not spend the "bulk of their time in supervision" as per the HDOTH designation. |
| NORTHWESTERN | Includes the Science & Engineering Library and the Schaffner Library. All salaries are as of September 1, 2007. |
| NOTRE DAME | Includes the Main and branch campus libraries: Hesburgh, Chemistry/ Physics, Kellogg/Kroc Information Center, Fine Art/Architecture, Art Slide, Business Information Center, Life Sciences, Mathematics, and Engineering. |
| OHIO STATE | Includes the Main campus only; all branch campuses excluded. Includes the Main campus libraries, regional campus libraries, and libraries of the Agricultural Technical Institute and the Ohio Agricultural Research and Development Center. Excludes saveral specialized departmental research libraries on the main. |
| OKLAHOMA STATE | Excludes several specialized departmental research libraries on the main campus which are not part of the University Libraries system. Includes the Main Library, the Veterinary Medicine Library, the Architecture Library, Curriculum Materials, and branch campuses in Oklahoma City, Tulsa, and Okmulgee. |
| OREGON | Includes Knight Library, Science Library, Math Library, and the Architecture and Allied Arts Library. |
| PENNSYLVANIA | Includes Museum Library, Fine Arts Library, Physical Sciences Libraries, Business Library, Center for Advanced Judaic Studies Library, and Music Library. |
| PENNSYLVANIA STATE | Includes University Park (main) campus and branches at Abington, Altoona, Beaver, Berks, Delaware County, DuBois, Erie, Fayette, Harrisburg, Hazleton, Lehigh Valley, McKeesport, Mont Alto, New Kensington, Shenango, Schuylkill, Wilkes-Barre, Worthington Scranton, and York. |
| PITTSBURGH | Includes the University Library System and excludes branch campuses in Titusville, Johnstown, Bradford, and Greensburg. |
| PRINCETON | Includes Main, Marquand, Mudd Library/Archives, Music, Architecture, Astrophysics, Chemistry, Engineering, Fine Hall (Sciences), Geosciences, Plasma Physics, Psychology, East Asian and Cotsen Children's Library. |
| PURDUE | Includes the library system on the West Lafayette campus, consisting of 11 subject libraries, an undergraduate library, and an archives and special collections unit. Excludes the libraries at regional campuses: North Central (Westville), Calumet (Hammond), and Indiana University – Purdue University, Fort |
| QUEEN'S | Wayne. Include Stauffer (Humanities & Social Sciences), Douglas (Engineering & Science), W.D. Jordan (Special Collections/Music). |
| ROCHESTER | Includes River Campus Libraries, Edward G. Miner Medical Library and Sibley Music Library. |

| Institution | Note |
|---------------------|--|
| RUTGERS | Includes New Brunswick Libraries (Alexander, Mabel Smith Douglass, and Kilmer libraries, as well as the Library of Science and Medicine and its branches), John Cotton Dana Library, Paul Robeson Library, and Technical & Automated Services. Excludes the School of Management and Labor Relations, and the Center for Alcohol Studies. |
| SASKATCHEWAN | Includes Main, Natural Sciences, Veterinary Medicine, Education, and Engineering Libraries. Number of employees reported is effective July 1, 2007. |
| SOUTH CAROLINA | Includes Thomas Cooper Library, South Caroliniana Library, Mathematics Library, Business Library, Music Library, and Film Library. |
| SOUTHERN CALIFORNIA | Includes Accounting, Applied Social Sciences, Architecture & Fine Arts, Business, Science & Engineering, Cinema-Television, Doheny (Research), East Asian, Gerontology, Grand (Depository), Leavey (Undergraduate), Music, Philosophy, and Special Collections. |
| SUNY-ALBANY | Includes main campus and branch libraries. |
| SUNY-BUFFALO | Includes Arts & Sciences libraries, Music Library, Special Collections (Archives, Poetry and Rare Books). Excludes temporary hires, classified staff, employees at SL-2 level or |
| SUNY-STONY BROOK | discretionary increases. Includes Main Campus, Math/Physics, Chemistry, Marine and Atmospheric Sciences libraries. |
| SYRACUSE | Includes Main campus Library, Science & Technology Library, Geology Library, Math Library and Physics Library. Excludes the College Reading Rooms. |
| TEMPLE | Includes Paley (main) Library; Science Engineering and Architecture Library (SEAL); Blockson Afro-American Collection; Ambler Campus Library; Tyler School of Art Library. In the Main Library, minimum beginning professional salary of \$39,000 is based on a 10-month contract, and minimum beginning salary for an |
| TEXAS | 11-month contract is \$42,744. Includes the University of Texas Libraries, the Center for American History, and the Harry Ransom Humanities Research Center. Some data for the Center for American History are not available. |
| TEXAS TECH | All salaries are as of September 1, 2007, and include the University, Southwest Collection/Special Collections, Architecture, and Vietnam Archives libraries. |
| TORONTO | Includes Robarts, Engineering & Computer Science, Chemistry, Mathematics, School of Management, Physics, Faculty of Information Services, Media Commons, Astronomy, Rare Book, Criminology, Music, Earth Sciences, Dentistry, Pharmacy and East Asian libraries, as well as the Ontario Institute for Studies in Education, the University of Toronto branches at Scarborough and Mississauga, the University Archives, St. Michael's College, New College, and the Center for Industrial Relations, School of Management. Medical Library includes Gerstein Science and Information Center and Family and Community Medicine. |
| VANDERBILT | Includes the Central Library, Divinity Library, Peabody Library, Management Library, Science & Engineering Library, Special Collections and University Archives, centralized Technical Services, Library Information Services, Administration, and TV News Archive. |

| Institution | Note |
|--------------------------|--|
| VIRGINIA | Includes Alderman (main), Clemons (undergraduate), Education, Fiske Kimball Fine Arts, Music, Charles L. Brown Science/Engineering system (6 libraries), Small Special Collections, and Darden Graduate Business libraries. Excludes the University of Virginia College at Wise. |
| WASHINGTON | Includes libraries on the Seattle, Bothell, and Tacoma campuses. Salaries as of September 1, 2007. |
| WASHINGTON STATE | Includes WSU Spokane, WSU Tri-Cities, WSU Vancouver, and WSU Energy Library. |
| WASINGTON U. – St. LOUIS | Includes Central Library and departmental libraries in Art & Architecture, Biology, Business, Chemistry, Earth Sciences, East Asian, Math, Music, Physics, and Social Work. |
| WATERLOO WAYNE STATE | Includes Dana Porter, Davis Center, University Map, and Musagetes libraries. Includes the Purdy/Kresge Library, the Science and Engineering Library, the Adamany Undergraduate Library, and the Oakland Center Library Service Center. The Wayne State law library includes the Neef Law Library. The Wayne State health sciences library includes the Shiffman Medical Library and the Pharmacy Learning Resources Center. |
| WESTERN ONTARIO | Includes the D.B. Weldon, Business, Education, Music, and Allyn & Betty Taylor libraries. Excludes Affiliated College Libraries: King's University College Library, Huron University College Library, Brescia University College Library, and St. Peter's Seminary Library. |
| WISCONSIN | Includes Memorial, College, Art, Biology, Business, Chemistry, Geography, Geology & Geophysics, Mathematics, Music, Physics, Social Science Reference, Social Work, Steenbock Agricultural & Life Sciences, and Wendt Engineering libraries. Excludes the CIMC (School of Education), SLIS, Map, and Primate libraries. |
| YALE | Includes Sterling Memorial Library, Cross Campus Library, Divinity Library, Mudd Library, Seeley G., Music Library, East Asia Library, Engineering Library, Arts Library, Government Documents, Beinecke Library, Social Science Libraries, Kline Science Library. |
| YORK | Includes Archives & Special Collections, Leslie Frost Library, Peter F Bronfman Business Library, Map Library, Osgoode Hall Law Library, Scott Library, Sound & Moving Image Library, and Steacie Science & Engineering Library. |

APPENDIX A ARL Member Libraries as of January 1, 2007

The Association of Research Libraries (ARL) represents the interests of 124 libraries that serve major North American research institutions. The ARL Statistics and Measurement program is organized around identifying, collecting, analyzing, and distributing quantifiable information describing the characteristics of research libraries.

APPENDIX B TABLE NUMBERING CHANGES 1998–1999 TO 1999–2000

From 1998-99 to 1999-2000 a number of new tables were added to *ARL Annual Salary Survey* publication and some old tables were renumbered. As a result of these changes, a new section was added, entitled **U.S. ARL University Libraries**, which includes Tables 26 and 29. Two new tables showing averages for all U.S. and Canadian institutions were also included as Table 3 and Table 4. The table below maps the old table-numbering scheme to the new one for purposes of comparison.

| Old | New | |
|-----|-----|---|
| | | SALARY LEVELS FOR STAFF IN ARL LIBRARIES |
| 1 | 1 | Distribution by Salary Level |
| 12 | 2 | Salary Trends in ARL University Libraries |
| N/A | 3 | Salary Trends in U.S. ARL University Libraries |
| N/A | 4 | Salary Trends in Canadian ARL University Libraries |
| | | ARL NONUNIVERSITY LIBRARIES |

ARL Statistics and Measurement Program

Publications and Services

http://www.arl.org/stats/

ARL Academic Law and Medical Library Statistics

ISSN 1088-1093 • Back issues are available • Standing order offered

Yearly report of data for collections' size and growth, materials and operating expenditures, staffing, and public service activities in ARL university law and medical libraries. Includes comparisons to the larger research collections at each university.

ARL Preservation Statistics

ISSN 1050-7442 • Back issues are available • Standing order offered

Annual compilation of data on current levels of preservation efforts and reports on the key organizational, functional, and fiscal components comprising ARL preservation programs.

ARL Statistics

ISSN 0147-2135 • Back issues are available • Standing order offered

Annual compilation of data on collection size and growth, materials and operating expenditures, staffing, and library services. The most comprehensive resource for information on research library operations and trends.

LibQUAL+®

LibQUAL+® is a suite of services that libraries use to solicit, track, understand, and act upon users' opinions of service quality. These services are offered to the library community by the Association of Research Libraries (ARL). The program's centerpiece is a rigorously tested Webbased survey bundled with training that helps libraries assess and improve library services, change organizational culture, and market the library. LibQUAL+® is on the Web at http://www.libqual.org/.

User Surveys in Academic Libraries

This workshop presents the basic concepts and steps for conducting a user survey: defining objectives, sampling, measurement scales, logistics, data analysis, and report writing.

Web Development with XML: Design and Applications

This workshop is designed for librarians, information professionals, and educators. It provides hands-on experience in developing interfaces for publishing on the Web.

Customized Services

For any dataset produced by ARL, libraries can request comparative institutional data and ARL will perform the analysis and provide tables and reports in the format best suited to the need.

For more information on any of these products or services, please contact <u>stats@arl.org</u> or call 202-296-2296.
